TOP 1 RG 80

DESCRIPTIONS

TOP 1 RG-80 multi purpose penetrant is formulated to use as an extra tool for both mechanics and consumers. It can be used to make problem jobs easier, especially when trouble is caused by rust, moisture dirt or friction. Improves mechanical and electrical valves. Harmless to rubber, plastic, and painted surfaces.

TOP 1 RG-80 multi purpose penetrant diformulasikan sebagai alat untuk mekanik maupun konsumen. Dapat digunakan untuk mempermudah pekerjaan terutama yang disebabkan oleh karat, kotoran lembab atau residu dan gesekan. Tidak berbahaya bagi karet, plastik, dan permukaan yang dicat.

FEATURES AND ADVANTAGES

- Protects against rust
- Frees rusted parts
- Lubricates Metal Parts
- Stops squeaks
- Melindungi dari karat
- Membersihkan bagian yang berkarat
- Melumasi Bagian Logam
